BATTERIES

Turn back your clocks. Turn in your batteries.

When you turn back your clock on **November 6**, for **Daylight Saving Time**, don't forget to check and replace the batteries in your smoke and carbon monoxide detectors. Then, be sure to recycle the old batteries.

With convenient battery collection locations across the U.S., Call2Recycle[®] makes it easy to do the right thing.

Find a location near you
at www.call2recycle.org.
